

# High Voltage AC/DC Dividers & Sphere Gaps

Sphere Gaps are absolute standards for measurement & calibration purposes of high voltage equipment. Sphere Gaps from 20mm to 1500 mm are available. The Sphere Gaps are provided with automated controls with digital display.

Voltage Dividers with digital KV meters are manufactured in the following ratings

AC/DC VOLTAGE RANGES	:	10KV, 25KV, 50KV, 100KV, 150KV & 300KV
ACCURACY CLASS	:	Available in Accuracy Class 0.5 & 1.0

The Dividers are available in Resistive,  
Capacitive and R-C Network designs-
